Art Unit: 1714

The amendment received 6/13/06 has been made of record. Claims 2, 4-49 and 53 are pending.

The finality of the previous office action is withdawn.

Upon further consideration, the indicated allowability of claims in the previous office action is withdrawn.

Claims 2, 4-17, 23, 28-47, 49 and 53 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claims 7 and 14 recite "materials obtainable by" at lines 3 and 5 respectively.

The use of "obtainable" is seen as rendering the claims indefinite.

Claims 2, 4-13, 17-19, 21, 23-36, 38-45, 47-49 and 53 are rejected under 35 U.S.C. 103(a) as being unpatentable over GB '092 in view of GB '388 and Reichert et al.

This rejection is repeated as set forth in the office action with the following comment.

Upon further consideration, applicants' limitation to incorporation of ingredients by post-blending is seen as a process limitation to a product claim and is not seen as imparting patentability barring a showing of patentably distinct properties flowing from this process.

Art Unit: 1714

Claims 20 and 22 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.
